Fatal Injury in Crash Laid to Loose Mule

(BY A. P. NIGHT WIRE)
FRESNO, March 5.—Charles George Mordani, "legitimate and carefully" permitted his mule to run loose on a highway, thereby causing an automobile accident. B. W. Coffey today filed suit in Superior Court asking \$25,000 damages.

Coffey claims in the complaint that the mule ran into the automobile causing Mrs. Coffey to be seriously injured that she was as a result.

It is asserted that on September 6, 1923, Mr. and Mrs. Coffey were driving along White's Bridge when the mule, running loose, ran into the side of the machine, causing Mrs. Coffey's right arm to be broken and her leg injured. Mrs. Coffey died as a result of her injuries, it is asserted.

ABANDON HOPE ON MELLON BILL

Senate Leaders Confer With President Coolidge

Say Committee Might Get Votes for Report

But Declare Surtax Will be Boosted on Floor

(BY GRAFTON WILCOX)
WASHINGTON, March 5.—Belief that enough votes may be obtained in the Senate Finance Committee for the reporting of the original Mellon tax bill was expressed by Senators Watson, Republican, Indiana, and Moses, Republican, New Hampshire, in a conference today with President Coolidge.

While the Senators informed the President that they thought it might be possible to obtain this action in committee they told him that the 25 per cent surtax would not be approved on the floor of the Senate. It was their opinion that the Senate would boost the maximum at least to 37 1/2 per cent, the figure of the House bill, and possibly to 40 per cent. They seemed to feel that the administration would be lucky if the Senate did not boost the maximum above 40 per cent. They told the President that they are making a canvass of the Senate on surtax rates.

THEUNIS TAKES TASK TO BUILD BELGIAN CABINET

(BY CARL AND ASSOCIATED PRESS)
BRUSSELS, March 5.—M. Theunis has undertaken the task of forming a new cabinet, to replace the ministry which resigned last week. It is understood that Paul Hymans, former Foreign Minister, will take over the Department of Foreign Affairs.

Both the Flemish Right and Christian Democrats will be represented in the cabinet, the former probably by M. Poullet, president of the Chamber of Deputies.

MEETING TODAY

The Finance Committee holds its first meeting tomorrow. The committee will go over the situation in a preliminary way in legislative session. Senator Smoot, Republican, Utah, chairman of the committee, said today that the committee will have to revise the bill as to provide \$100,000,000 more revenue than the House bill.

Senator Robinson, Democrat, Arkansas, minority leader, stated today that the Democrats believe the day that the Democrats plan sponsored by the Democrats in the House fixed the maximum at 44 per cent, most of the minority party members in the upper branch are willing to reduce this somewhat.

Senator Robinson indicated that a conference of all the Democrats of the Senate will be called at an early date to discuss the tax program. The Democrats believe that the radical Republican group will support them on most of their proposals. The Democrats, besides standing for an increase in surtax rates, also are expected to favor a larger reduction than 25 per cent in the tax on earned income, high inheritance, tax rates, additional taxes on that portion of inheritances consisting of tax-exempt securities, and a full publicity of tax returns.

COPELAND PLEDGES TO BE CIRCULATED

DEMOCRATIC SENATOR IN OPPOSITION TO MCDONALD

(BY A. P. NIGHT WIRE)
BAKERSFIELD, March 5.—A ticket for delegates to the national Democratic convention pledged to the support Senator Royal S. Copeland of New York for the party nomination for President will be placed in the field at once in California in opposition to the McDonald ticket, and as a protest against the action of the Democratic State Committee in endorsing the latter, according to formal announcement made here today by former Congressman Charles A. Barlow, a member of the State committee.

According to Barlow, Senator Copeland, while not an avowed candidate for the nomination, will sanction the use of his name to concentrate the opposition of California Democrats to McDonald.

The movement is stated, says the Bakersfield committeeman, and petitions are being prepared and will be circulated within a few days, the candidates for delegates to include many of the best-known Democratic leaders in California.

COPLAN ORDERED TO ARIZONA FOR TRIAL

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, March 5.—K. M. Coplan, alleged defaulting officer of the First National Bank of Tombstone, Ariz., was ordered by the United States District Court here today to be returned to the jurisdiction of the United States District Court in Arizona for trial. He was arrested in Oakland recently.

JOHNSON TO BEGIN NEBRASKA CAMPAIGN

(BY A. P. NIGHT WIRE)
OMAHA (Neb.) March 5.—Senator Hiram Johnson of California, candidate for the Republican nomination for President, will begin a three-day speaking tour of Nebraska the 24th inst. Frank Harris, his Nebraska campaign manager, announced today.

CHANGE IN MINISTRY

(BY CARL AND ASSOCIATED PRESS)
TIRANA (Albania) March 5.—The Albanian ministry has fallen. It has been replaced by a ministry presided over by Shefqet Verrisi, with a program of economic reform and political amnesty.

SCHOONER IN PERIL WITH MASTS GONE

Distress Call Sent Out by Vessel Off Coast South of San Francisco

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, March 5.—The schooner Galilee, which left here February 28 for Pigeon Cove, Alaska, is in distress twenty miles south of Pigeon Point on the California Coast, south of San Francisco, according to radio advice received here tonight by the marine department of the Chamber of Commerce. Two of the vessel's masts have been carried away, the advice state.

The Galilee is a fishing schooner, owned by the Union Fish Company of San Francisco.

The vessel is believed to be carrying about twenty men.

Advices received here indicate that the weather is clear in the vicinity of the Galilee, which is said to be drifting.

The tug Sea Scout is to leave here at daylight to go to the assistance of the schooner.

Marine officials here were at a loss to explain the position of the vessel off Pigeon Point, near Monterey Bay south of here, inasmuch as the vessel left here for Pigeon Cove, Alaska, six days ago.

The theory was expressed, however, that the carrying away of two of the vessel's masts had rendered the craft unmanageable and caused it to drift with the wind far off its course.

THEUNIS TAKES TASK TO BUILD BELGIAN CABINET

(BY CARL AND ASSOCIATED PRESS)
BRUSSELS, March 5.—M. Theunis has undertaken the task of forming a new cabinet, to replace the ministry which resigned last week. It is understood that Paul Hymans, former Foreign Minister, will take over the Department of Foreign Affairs.

Both the Flemish Right and Christian Democrats will be represented in the cabinet, the former probably by M. Poullet, president of the Chamber of Deputies.

SUSPECT HAS TROUBLE CONCEALING HIS ROLL

BOSTON, March 5.—Morris Kipper had a terrible time with his case after being arrested on the charge of registering horse bets. Kipper, who lives in Beaumont, was arrested at Rowe's Wharf on the "bookie" charge. Police declare they found parlay records. Roll was set at \$200. Then the struggle began. He tugged and pulled and twisted. A roll of money, almost as big as an elephant's leg, came out after a while. He peeled off \$248 and attempted to slip the roll back again. It wouldn't slip. He tried it on one end, then on the other. No use. Perspiration beaded Kipper's brow before the money was worked back into its resting place.

FOUR BONUS PLANS VIEWED

Cash Payment Proposal Favored Most by House Ways and Means Committee Members

(BY A. P. NIGHT WIRE)
WASHINGTON, March 5.—Four varieties of soldier bonus bills were before the House Ways and Means Committee at the conclusion of public hearings today, and are expected to form the basis of committee action in framing a measure. Executive sessions of the committee at which the bill will be drafted will begin tomorrow.

The propositions which received most attention in the hearings were:

Straight-out cash payments in full of adjusted compensation.

Restriction of a bonus entirely to paid-up insurance policies.

A two-option measure providing for full cash payments, or insurance policies.

The four-option McKenzil bill, similar to that vetoed by President Harding providing for cash payments to those not entitled to more than \$50; adjusted service certificates, a form of deferred payment; vocational training, and farm, or home aid.

MATTER NEEDS STUDY

Other propositions also were advanced, including one of Representative Hayden, Democrat, Arizona, to include in the McKenzil measure a fifth option providing for land settlements. The first four, however, gained most support.

Members of the committee frankly stated tonight that no definite plans had been agreed upon so far as party lines were concerned, and many said they would have to give more study to the matter before reaching any conclusions.

The two-fold proposition to allow either full cash payments or the insurance policies was advanced today by the special committee of veterans named by the House Democratic conference to represent that body at the committee hearings. The plan is not binding upon the Democrats as a whole, it was explained, and Representative Jeffers, Alabama, chairman of the committee, asked that it not be considered as a partisan view.

QUINN MAKES PLEA

John R. Quinn, national commander of the American Legion, presented the request of that organization for adoption of a bonus plan immediately, adding that the Legion had endorsed unanimously the bill passed last session, and similar to that introduced by Representative McKenzil, Republican, Illinois.

Representative Hawes, Democrat, Missouri, who voted against the bonus bill last session, was among the supporters of a straight-out cash payment plan. Other advocates of this proposal were Representatives Regg, Republican, Ohio, and Lea, Democrat, California.

Representative Andrew, Republican, Massachusetts, presented again his scheme for paid-up insurance policies, declaring he believed 55 per cent of the former service men would be satisfied with such a bonus. He added that it all officers were excluded as provided in his bill, the bonus would cost about \$260,000,000 less.

REPARATION PLAN TO BE READY SOON

Experts' Report Will Not Recommend Moratorium, Observers Say

(BY CARL AND ASSOCIATED PRESS)
PARIS, March 5.—The reparations experts who have been examining into Germany's financial position now expect to hand their report to the Reparation Commission early in the week beginning the 16th inst.

Despite the desire of Charles G. Dawes, the American representative, and his colleagues to make the report succinct, it seems likely it will run into many thousands of words. To relieve that, sections making recommendations on details of the plans for the bank of issue, balancing of the budget and railroad control, will be dealt with in annexes. It now appears to be clearly established that the experts will not recommend even a momentary moratorium.

No distinction is being made between payments in cash and payments in kind. The report is also likely to be silent on the question of the total payments Germany may be able to make, though provisions probably will be suggested for determining the total paying capacity of the Reich if this finally is found necessary.

No distinction is being made between payments in cash and payments in kind. The report is also likely to be silent on the question of the total payments Germany may be able to make, though provisions probably will be suggested for determining the total paying capacity of the Reich if this finally is found necessary.

PIONEER TEXTILE MAN OF JAPAN SUCCEUMS

(BY CARL AND ASSOCIATED PRESS)
TOKIO, March 5.—Toyaji Wada, 63 years of age, who rose from a dishwasher in a San Francisco restaurant to one of the foremost figures in the Japanese mining industry, died here today. Wada was president of the Fuyo Spinning Company and a director of the Toyo Iron Manufacturing Company.

MARC KLAU SAILS

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, March 5.—Marc Klau, New York theatrical magnate, and E. Faxon Bishop, prominent business man of Honolulu, with Mrs. Bishop, were passengers on the Matsun Line Maui, which sailed today for Honolulu.

Smart Spring Styles that save the purse

\$8.50 and \$10.00

"MAH JONGG" is featured because it so cleverly portrays the accepted mode, and so charmingly displays Spring's colorful hosiery.

Three ways—black satin, ooze trim; patent and white kid—\$10.

TO END WATCH OVER GERMANY

Allied Military Control of Disarming to Stop

Council Agrees That Terms of Treaty Are Met

Rhine Factories Still Will Undergo Inspection

(BY CARL—EXCLUSIVE DISPATCH) PARIS, March 5.—Allied military control of the disarmament of Germany may be abandoned and a modified system of supervision of German armaments

adopted according to a decision of the Council of Ambassadors today. The ambassadors accept the Berlin protest in its note of January 9 last, that practically all the treaty requirements regarding demobilization and disarmament have been carried out and that the Allies are not entitled to maintain Gen. Nollet's military commission.

On February 25, last, Prime Minister MacDonald sent Premier Poincaré a note indicating the German viewpoint. The problem was referred to Marshal Foch and the Allied War Council this morning, with the submitting of a reform plan adopting the Anglo-German attitude with minor modifications. Henceforth Germany will be considered as completely demobilized in accordance with the obligations of the Treaty of Versailles. A "guaranty committee" similar to that supervising Germany's manufacture of airplanes to prevent military bombing craft from being produced will be established. The committee occasionally will visit

German factories capable of producing munitions and firearms. The disappearance of the Nollet commission will eliminate a serious bone of contention between the French and Germans, as the German authorities faced great difficulty in protecting the Allied officers engaged in inspecting factories and barracks.

SCHOOL BROIL OVER PAINT AND POWDER

STATE STORM BREAKS OUT WHEN MALE TEACHER BACKS COSMETICS

(BY A. P. NIGHT WIRE) SACRAMENTO, March 5.—Another storm in public-school circles of the State, this time over the right of teachers to use paint and powder, has broken out, according to Mrs. Grace C. Stanley, State Commissioner of Elementary Schools. The storm broke when a male teacher in a certain public school took it upon himself to champion the cause of the teachers who had seen fit to improve on nature's handiwork and who as a consequence, he wrote, had been told to cease the practice or face dismissal.

"The use of cosmetics by women—and by girls too, after they have reached the age of discretion—is not a question of morality, but is a question of art and should be no regarded by the public whether it

AIR MADE ALIVE BY BUTTERFLIES

Millions of Insects Passing Over Phoenix Region Into Desert Land

(EXCLUSIVE DISPATCH) PHOENIX, March 5.—Winging their way westward, millions of butterflies have been passing over the Salt River Valley and Phoenix for several days. They are little butterflies, brown and yellow in color, and are declared harmless to crops. Apparently, none of them remains in the valley, continuing on over the desert.

applies to a school-teacher or any other person. A few weeks ago Mrs. Stanley championed the cause of the teachers who had seen fit to improve on nature's handiwork and who as a consequence, he wrote, had been told to cease the practice or face dismissal.

BANDIT OF BOBBED HAIR FAME ACTIVE

BROOKLYN MAN COMPELLED TO GIVE UP CASH AND GEMS

(EXCLUSIVE DISPATCH) NEW YORK, March 5.—Brooklyn's famous bobbed-haired bandit, apparently growing more contemptuous of the police, made her biggest haul today when, aided by a tall man, she got \$1485 in jewelry and cash. The two escaped. The victim was Louis Pfeffer, manager of Silver's Restaurant in Fulton street, Brooklyn. He was confronted near his home by a young woman who, at the point of a revolver, ordered his hands up. Pfeffer obeyed and the girl's companion appeared from the shadows and searched him. "Now, stay here and keep quiet," ordered the girl, choking Pfeffer so tightly as to cause four finger nail lacerations on his neck. Then the couple climbed a fence and reached an alleyway behind the restaurant. Pfeffer described the girl as exceptionally good looking.

HOUSE TALKS OUT ON MUSCLE SHOALS

DOZEN AMENDMENTS ARE EXPECTED TO ALTER FORD'S TERMS

(BY A. P. NIGHT WIRE) WASHINGTON, March 5.—The House talked itself out today on Muscle Shoals, but adjourned determined to resume discussion of Henry Ford's offer tomorrow. For nearly four hours, debate which began yesterday on the McKenzie bill providing for acceptance of the Ford bid went on at a steady clip, then suddenly terminated when no one appeared willing to continue the discussion. Only fifty members were on the floor when adjournment was taken. General debate on the bill, limited to ten hours, will be completed tomorrow, clearing the way for the offering of amendments. Representative Hull, Republican, Iowa, leading the fight against the measure, said that at least a dozen amendments which would materially alter the terms of the proposed contract, would be offered. Proponents of the McKenzie bill agreed today to accept an amendment specifying that the heirs of Mr. Ford should be obligated for one hundred years to carry out provisions of the contract.

WILSON PACKING CASE ACTION IS DEFERRED

COUNSEL AT WORK ON NEW PLAN FOR FINANCING COMPANY

(BY A. P. NIGHT WIRE) NEW YORK, March 5.—Action by stockholders on a proposed plan for financing Wilson and Company, packers, postponed today until next Wednesday, was necessitated, Thomas E. Wilson, president, told the gathering, because counsel were now at work on a revised plan which it was hoped would be acceptable to all parties. Details of this plan have not been completed, but Mr. Wilson said that in another week he believed it could be voted on. The motion to adjourn was not opposed.

The Truth about the Gland Treatment

The Institute of Biological Therapy has been receiving from fifty to one hundred requests each day for their booklet entitled "The Truth About the Gland Treatment" which indicates that the public is greatly interested in glandular therapy.

All the desirable results to be obtained from gland operations can be realized by the use of properly prepared gland substances. Rejuvenation alone is not the only benefit derived from glandular treatment. Are you all run down and feel that you are slowly but surely slipping? Your mental ability, perhaps, is impaired and you experience fits of melancholia. Nervous irritability with functional derangements of the digestive organs, such as indigestion, dyspepsia, acid stomach, gastritis, and constipated bowels. Impotency, and among women, obesity and various female complaints? These conditions and many others can result from glandular derangements.

The wonderful results obtained through this form of treatment is in itself evidence so strong that suffering humanity should not hesitate to take advantage of this modern method of restoring health. The Institute of Biological Therapy has invested thousands of dollars in its equipment in order to properly and successfully practice glandular therapy. Only pure unadulterated glandular products are employed. Consultations are free and conducted privately. A lady attendant is always at hand. General information and terms, which are reasonable, will be made known at the Institute. No detention from business. If you are unable to call in person, write for our booklet "The Truth About the Gland Treatment." It is free and will be mailed to any address upon request.

Address: The Institute of Biological Therapy
5606 Hollywood Boulevard

The Advantages of Kansas With None of Its Drawbacks

A Little Fact-Talk by S. C. Sorensen

It may be interesting to you to know that the great corn belt gives to Imperial Valley perhaps more farmers than any one other section of the great U.S.A. Farmers who have weathered the winters and braved the elements back in Kansas, Iowa, Minnesota, and all the other splendid middle Western and Eastern States, sooner or later come to realize that they can have prosperity and success on the farm without enduring winter hardships.

To those farmers who love the rigors of winter and who are content to patronize the base-burner four or five months out of every twelve, and who are willing to farm on one hundred or two hundred acres to make a living, there are undoubtedly plenty of opportunities in the middle West and everywhere; but, to the farmer who wants to build into a community where every day's efforts will lay the foundation for a greater future; where climate works with him and not against him; where crops bring bigger prices and where smaller acreage earns for him a substantial living; and where every day is summer, the Calipatria District in Imperial Valley is the open door to Happiness.

Imperial Valley climate matures profitable crops weeks and months ahead of other farming districts. The Calipatria District has abundant cheap water for irrigation. Living conditions are ideal—unusually healthful.

The price of land down here is very reasonable. You can buy it on a basis that will enable you

to show real profit as a result of your development work.

Thousands of transplanted back-East farmers are making splendid money down here and enjoying a degree of happiness and contentment they never knew before.

SEVEN crops of alfalfa a year; 18 to 30 sacks of barley to the acre and a ton of milo maize from the same land the same year—these are not extravagant crop records in the Calipatria District. Imperial Valley now has 300,000 acres under intensive cultivation, offering magnificent opportunities for dairying, poultry, sheep, hog and stock raising and short crops—fruits, vegetables, cantaloupes, and other big profit-making crops are assured the industrious farmer here.

THE Calipatrians have nothing to sell to you. We are merely farmers—most of us from back East—who are trying to build up this wonderful country. We know there is an opportunity for you and we want you to come down and join us.

If you are interested in knowing what the Calipatria District has to offer you, fill out the coupon below, mail it in, and we will send a handsomely illustrated booklet about Calipatria. The Calipatrians.

CALIPATRIA Imperial Valley

Fill out this coupon now and mail it in to us. We will send you free of charge our handsomely illustrated, 32-page Booklet of Facts. Don't delay!

Whittier Excel at Long Shot Method of Attack

BY HEAVEN DYER

They back in the second half of a sensational sport that had everyone baffled, the Whittier basketball team won Arizona California Conference championship at the U.S.C. pavilion by defeating the local team of California Ave. 23 to 21 in a hard-fought contest that drew the largest spectators ever gathered at the final game. The Whittier team, coached by Coach E. J. Dyer, played a post game Saturday night, but in a 31-19 loss on Sunday. The game was a hard-fought one, but the Whittier team was able to come back and win. The game was a hard-fought one, but the Whittier team was able to come back and win. The game was a hard-fought one, but the Whittier team was able to come back and win.

POWERS NOT TO RUN SATURDAY

Johnny Powers, crack quarter-mile of the Oxy variety track team, will be unable to compete in the Tiger meet with U.S.C. next Saturday at Patterson Field.

Powers pulled a tendon in the A.A.U. Relay Carnival several weeks ago and has been unable to don a track shoe since. Given a ten-day handicap by the man before him on the four-man mile relay team, he injured his limb when he attempted to pass Nierbach, star U.S.C. sprinter, on the last turn. Powers was not fully warmed up when he started the race and the terrific strain he put forth to make up the lost distance was more than his muscles could stand.

This is a serious loss to the Tiger squad as Powers was expected to grab first in the 440-yard dash Saturday. "Pow" was also the best bet in the relay team which would give U.S.C. a close race if he was able to appear in uniform. The injured muscle is mending rapidly according to Pete Ponce, trainer for the tracksters, who announces the probability that Johnny will be in as good as condition as ever for the next conference meet, which is to be held March 15.

HAWAIIANS AND MIDWICK CLASH

Rival Poloists in First of Two Games Tomorrow

New Players Strengthen Visiting Squad

Fred Prince Here to Play With Riverside

Playing their last matches of the local season the Midwick Country Club poloists will meet the strong Hawaiian Division, U. S. Army, team here tomorrow and Sunday.

Following these games the locals will go south for the championship tournament which starts a week from Saturday at Coronado. Capt. Carleton Burke's team will find the Honolulu squad a much improved outfit since their visit here two weeks ago when the Hawaiians took two games from the Midwick riders. Capt. Joe Swing, who played back for the visitors, is the only player appearing tomorrow, the other three positions being filled by new men. Lieut. Col. Beverly Browne, who has a handicap rating of four goals, will be seen in No. 1 berth, with Capt. W. K. White, rated at two goals, in No. 2 position. Reports from Riverside indicate that White is better than Brown, although not so colorful, even though the former is rated twice as good as the Honolulu No. 2 man. Major Carter Brewer, a three-goal player, will assist Capt. Swing in the defensive side of the game. Swing's rating has been raised since he was here last, his handicap now being three goals. This gives the visitors a total of 12 goals as against 21 for Midwick, making it necessary for the locals to spot their rivals nine points to start the regular Midwick line-up will

OBSERVATIONS

IN THE INNOCENT BYSTANDER, W.M.H.

The second northern invasion of the Hotel Ambassador tennis courts promises to be a much more serious event than its predecessor of last year.

When Johnston, Griffin and the Kinsey brothers dropped in from San Francisco a year ago they were just down here for a lark, not the least enjoyable part of which was to be the regular annual drubbing they were going to hand out to the home talent. Johnston was busy trying to watch the oil gurgie out of a well he was interested in, and the other three were just naturally enjoying the scenery.

When Snodgrass staged his now famous performance of cleaning up on Griffin, Bob Kinsey and Johnston, one right after the other, the northerners didn't say much, but they thought a whole lot. This year they have been sort of keeping their eye in and they have it in their mind to get a little sweet revenge for last year's debacle. Incidentally, Snodgrass hasn't been asleep, and Wesbrook, Ferrandini and Goodshall have all been taking the game a little more seriously, so things should be interesting when the tournament starts about two weeks from now.

What should be more natural than that the A.A.A. should decide to fight fire with fire, or to be more specific, fight dirt with dirt and open up a dirt track to compete with the now celebrated real estate merry-go-round com-

Flintridge Golfers Trim Rancho

TROJANS WILL JOURNEY EAST

Local Tracksters to Enter Big I.C.A.A.A.A. Meet

Will Train in Philadelphia for Two-Week Period

Coach Cromwell's Squad Has Tough Schedule

If present plans are carried out the University of Southern California track team will enter a team in the I.C.A.A.A.A. track and field championships at the University of Pennsylvania, May 30 and 31, this year and then stay over in the East for two weeks until the final Olympic Games tryouts, which will take place in Boston on June 14.

The Trojans will enter a team in the I.C.A.A.A. meet providing their athletes show championship form in the meets between now and May 24, according to Coach Dean B. Cromwell. As the Southern California, Arizona and New Mexico Olympic tryouts will be held in the Coliseum May 24, if the Trojans, showing this season warrants sending a team to the eastern collegiate championships, the U.S.C. athletes will be forced to take a train the evening of the tryouts to arrive in Philadelphia for the I.C.A.A. qualifying heats, which will be held May 30.

HAVE TOUGH SCHEDULE

Coach Cromwell's Trojan tracksters have a pretty tough schedule lined up for them this year, starting it off next Saturday in a meet with Occidental College at Patterson Field. A week from Saturday the Trojans will entertain the Pomona Sagehens in the Coliseum. On March 22 the U.S.C. cinder-paths will travel north to Berkeley for their annual meet with Coach Walter Christie's Golden Bears, national champs for the last three years. The Trojans are hoped to have a good chance of upsetting the Bruins in this season's dual meet. One week following the California meet, the Trojans will face Stanford in a powerful track outfit in the Coliseum.

ENTER A.A.U. MEET

Then the locals will "lay off" competition until May 3, when the annual A.A.U. track and field championships will be staged in the Coliseum. On May 18 the Trojan varsity and freshmen tracksters take part in the California Relays at Berkeley. That will be their last meet until the local Olympic tryouts, which will take place May 24 in the Coliseum. After that the Trojans will jaunt

Disbarment of Champs in New York Meet Furnishes Sensational Climax

BY A. P. NIGHT WIRE

NEW YORK, March 5.—Despite the disqualification of its two teams in the medley relay, one of which was led to the finish first by Joe Ray, the Illinois Athletic Club tonight captured national senior A.A.U. indoor track and field championships for the second consecutive year.

The disbarment of the title-holders in the team events which came as a sensational climax to one of the most hotly contested title meets in A.A.U. history, was caused by the interference of Ray Barker, anchor-man on the second I.A.C. team with Walter Higgins, running the last leg for the New York A.C., who had just shot into the lead by passing Ray, a member of the Chicago quartet. Barker, who was hopelessly out of the run, seemed to observe to step deliberately in Higgins' path, throwing the former Columbia star out of stride. This incident was followed by a spectacular burst of speed by Ray, who sprinted the last lap, overhauled Higgins and crossed the finish twenty yards ahead of his New York A.C. rival.

MOORE WHIPS HUGHES

BY A. P. NIGHT WIRE

EL DORADO (Ark.) March 5.—Pal Moore, of Memphis, was a newspaper decision over Bobby Hughes, of Shreveport, in a 10-round bout here tonight. The men are bantamweights.

SWIMFEST AT HOLLYWOOD

Three Aquatic Championships Will be Decided Tonight in New Club Tank

Make Way for the Handsome Diver

Introducing Cleve Morrison, the young man who surprised the swimming fans at the Los Angeles Athletic Club last week by surpassing all rivals in exhibitions of diving. Tonight he will attempt to repeat his performance in the Hollywood Athletic Club tank. Coach Clyde Swensen predicts that Cleve will show up all of the divers at Hollywood.

One national championship and two Southern Pacific titles will be decided in a meeting initiating the New Hollywood Athletic Club tonight.

Coach Clyde A. Swensen has brought together a number of the best divers in the United States to take part in the junior national low-board diving contest.

Stanford University is sending a team of seven men to take part in this event. These men are: Dave Fall, M. Gibbons, C. V. King, L. H. Brown, F. B. Dorey, Ted Smith, J. Kenney, Cleve Morrison of the Hollywood Athletic Club will furnish the strongest competition from the south. Morrison was winner of the last low-board diving contest held at the L.A.A.C. last week.

James Ryan representing the L.A.A.C. has shown some rare form lately which grabbed him second place in the meet last week in which Morrison took first. Sammy Cohen, who placed third in this meet, will aid the southerners to make the contest interesting for the invaders from the north. Leonard Tipton of the Hollywood Club, and Jack Settler of the L.A.A.C. will complete the entries. Al De Ferrari of the San Francisco Olympic Club will also journey out to the new club and show his wares.

SMITH FAVORITE

The men's 220-yard free-style race will decide who is the Southern Pacific champion. Colin Smith of L.A.A.C. is the favorite to win the event because he has shown that he can swim it around 2:28. This is exceedingly fast time, but in the personages of Tom Blanke also of the L.A.A.C., Reginald Harrison of the Venice Club, Capt. Jerry Wheeler of the Hollywood Club, he will meet the fastest men in the south.

The women's championships race will be the 100-yard free style for the Southern Pacific title. Cicely Cunha, Ambassador, Florence Chambers, Silver Gate Club of San Diego, and Mary Wheeler of the L.A.A.C., will be the strong contenders.

In the 160-yard breast stroke for men, Thomas Drummond, Hollywood A.C.; William Fair, Venice; Philip Deubenspeck, Venice; Norton Thornton, Venice High School, will complete the entries. Al De Ferrari of the San Francisco Olympic Club will also journey out to the new club and show his wares.

CLASSY BOUTS AT L.A.A.C.

Semimonthly Boxing Card for Tonight Promises
Zippy Action; Allegrini vs. Kaplan

Three bouts on the Los Angeles Athletic Club's de luxe amateur
boxing bill set for tonight are of sufficiently high quality to be classed

as main events, and there is not a dub match in the entire line-up.
Ad Allegrini, Pacific Coast mid-

dweight titleholder, now fighting
in the light heavyweight division,

takes on Mennie Kaplan, newsboy
heavyweight, in a return go. Al-

legrini beat Kaplan to the decision
in a close fight two months ago.

John Grella, who looks like the
best bet for the middleweight title

this year, will meet Billy Burke, a
fast, hard puncher, in the semi-

wind-up, and Jack Fields and
Tommy Coyne will meet in the

main event. The bouts will be
held at the Los Angeles Athletic

Club, 1000 Broadway, at 8 p. m.
Tickets, 50c to \$2.00.

MAY CURTAIL HARVARD SPORTS

CAMBRIDGE (Mass.)
March 5.—Curtailling of
athletic activities at Harvard

was indicated as a possibil-
ity in a brief statement is-

ssued today by J. W. D. Sey-
mour, secretary for informa-

tion at the university. The
statement, given out as re-

plying to rumors that the
faculty of arts and sciences

at a meeting yesterday dis-
cussed college athletics, was

as follows:
"There is a feeling at

Harvard that too much at-
tention is being paid to in-

tercollegiate athletic con-
tests and that the schedules

of athletic teams are ex-
cessive.

"Some modifications are
contemplated, but as yet no

final action has been taken
by the committee on the reg-

ulation of athletic sports at
Harvard."

Enthusiasm over reports of the
great performance expected of

the Italian Flat with Sig Haudahl
at the wheel in next Sunday's

Ascot Speedway, a large dele-
gation of Italians from San Fran-

cisco, Oakland and San Jose is
coming to Los Angeles to witness

the event. The controversy be-
tween Ralph De Palma and Sig

Haudahl over whether the former
will race his comparatively small

Miller car against the huge Fiat
created much interest among the

speed fans all over the State.
De Palma is a great favorite with

his countrymen, but the Italians
are most loyal to the car, which

is looked on as an institution in
Italy. No Fiat had been raced in

California for many years until
Bordino brought his Grand Prix

Fiat here two years ago.
All hope of inducing De Palma

to enter the quadrangular match
race next Sunday has been aban-

doned by Promoter George Bente.
De Palma also wishes it distinctly

understood that he will not race
against the Fiat next Sunday nor

any other day, at Ascot or
elsewhere. Bente is equally em-

Worcester to Head Southland Sailing Club

With much enthusiasm the mem-
bers of the Southland Sailing Club

selected new officers last Saturday
evening. Improvements at the

club were also provided for as the
outline for a race program for the

coming season.
The list of new officers consists

of Commodore William M. Dav-
enport, Rear Commodore Felix H.

Barwell, Secretary Theodore R. E.
Hale. The newly elected personnel

of the board of directors are Ingle
Carpenter, Alfred E. Mackenzie,

V. S. Rorer, C. S. Fisher, H. B.
Webster, Charles F. Potter, Henry

R. Mackay, Jr., Arthur Lee, R. J.
Bridges, and James W. Reed and

Donald McCoy.
Besides voting of appropriations

for the construction of a new pier
and float at the boathouse it was

decided who were the winners of
the numerous trophies held by the

club.
V. S. Rowley of Santa Ana ap-
pointed a building committee to

select a permanent site for the new
building. All dues in excess of the

running expenses of the club are
to be used in this permanent

building fund.
PROSPECTS BRIGHT
MOSCOW (Idaho) March 5.—

With approximately 500 working
out daily, track prospects at the

University of Washington are
brighter than at any time during

the last three years, according
to Coach H. L. Matthews.

In nearly every event with the
possible exception of the discus

and shotput the university
made a good showing.

OUR 1924 OLYMPIC TEAM
BY BOYD COMSTOCK
Coach Charles Ulen, U. S. National champion 1912, University of Southern Cal-

ifornia, has selected the 1924 Olympic
team for the United States. The team

will be made up of the following
athletes: Discus—Charles Ulen, U. S.

National champion 1912; Javelin—
Charles Ulen, U. S. National champion

1912; Shotput—Charles Ulen, U. S.
National champion 1912; Hammer—

Charles Ulen, U. S. National champion
1912; Pole vault—Charles Ulen, U. S.

National champion 1912; High jump—
Charles Ulen, U. S. National champion

1912; Long jump—Charles Ulen, U. S.
National champion 1912; 100 yds.—

tion is conducting a series of test

of golf balls as a means of hav-
ing one as a standard make.

BALDNESS

IS NEEDLESS
Proven Beyond a Doubt.

Leading dermatologists unite in agreeing
that the "hair roots" section

of the scalp is the only one that
can be treated. They merely remain

idle, waiting for something to remove
the hair from their sockets.

No person the means of revitalizing
the hair, and although the basic treat-

ment is a hair-restorer, it is treated according to its own
individual condition, wherein lies its success. Under our

care the hair regains its natural growth and begins to
grow again, usually in from 4 to 6 treatments.

We restore your scalp to a normal, healthy condition and a
healthy scalp produces normal, healthy hair.

is more than a scandal. It is a symbol—a symbol of the American attitude toward the nation's resources. We have not only hunted our game, but we have slaughtered it. We have not only conquered the wilderness, but we have destroyed it. We have not only developed the country, but we have gutted it. We have not only populated the land, but we are trying to Chinafy it. What's the hurry? These questions are fully discussed on our editorial page and in "The Diary of a Dude Wrangler" by Struthers Burt.

LAST TALKS WITH WOODROW WILSON

By James Kerney

During the last year of his life, Woodrow Wilson wrote to few men, talked things over with even fewer. Mr. Kerney was one of these men. He has reprinted some of the War President's letters, reported some of his conversations, for The Saturday Evening Post. In them Mr. Wilson expressed his belief that the world regarded him as the international leader of liberal thought and was swinging back to his views. He commented on the Senate in none too complimentary terms; on his own hope of returning to a position of political leadership. He held decided opinions about the men who leave high place in the government and, through the prestige thus gained, obtain high fees from corporations that have relations with the government.

Democratic versus Republican Taxation

Taxpayers favor all plans to reduce taxation, and the greater the reduction, the greater the favor. Mr. Garner believes that his plan does more for more people than Mr. Mellon's. He has made a detailed analysis of it for The Saturday Evening Post. Read "YOUR MONEY" by David Lawrence, an interview with Representative John N. Garner.

Bankrupt Banks. Credit and Wheat

Garret Garrett has been in the North—where the farmers have had more credit than crops, more panaceas than rain—looking into conditions and the legislation offered to help the farmer over his period of hard and low prices. Alonzo E. Taylor contributes "The Crux of the Wheat Problem", in which he analyzes the current situation.

Looking Through The Lens At Bits Of Life.

A Sinner's Drop—Unusual photograph taken at First and Broadway the other day when rain ended the long dry siege. The traffic officer was the only one who didn't run for shelter. (Don Gillum photo.)

Great Easter Sunrise Service—To be held in Coliseum. Plans were announced by representatives of Los Angeles Music Federation at first council meeting of member organizations. Left to right standing: Mrs. W. V. Goodfellow, Mrs. E. H. Wiles, Mrs. H. P. Hoffman, R. A. Whitten, Mrs. M. E. Nichols, Mrs. Frances J. Bennett, Mrs. A. R. Smith, Mary Edith Smith, Miss E. Gertrude Jones, Mrs. Cecil Franklin, Mrs. William Babes, Frederick Carberry. Seated: Mrs. Arnold H. Wagner, Mrs. Caroline E. Smith, Joseph Zoller, J. T. Fitzgerald, Ben F. Pearson, Miss Antonette Ruth Sabel, Arthur B. Ben, Mrs. Edith Wing-Hughes, and James G. Warren.

How Transportation Has Changed—The Army flyers who will make the round-the-world trip by the most modern means, played around with Pharaoh's chariot when they visited Grauman's Hollywood Egyptian Theater. Maj. Martin is in the chariot.

Heartless Burglar—He must have been to have stolen a \$2500 diamond ring from Colleen Moore, screen luminary. She reported the theft to police yesterday.

He Cooked for Czar—Spiridon Ignatowich, who says he was chef for Czar Nicholas II of Russia for fourteen years, is now culinary master at the Club Petroushka in Hollywood.

Flapper Bandit—That's what police call Mrs. Neiley, who is accused of acting as chauffeur for bandits who robbed the Glen Ranch Grocery in Cajon Pass recently. She says she did it for the thrill. (Times Photo.)

Christened in Royal Robes—Nancy Clarice Luscombe of Berkeley, wearing garments made for Prince Henry, Duke of York, in the eighteenth century. The robes are owned by the baby's aunt. (P. & A. photo.)

Smiling in the White House—Harry Laidler, famous Scotch actor, and his wife visited President Coolidge at the White House last week. (P. & A. photo.)

Leap Year Triplets—Born on February 29, at the Williamsburg Maternity Hospital, Brooklyn, N. Y. These young ladies will celebrate their birthday every fourth year. (P. & A. Photo.)

Wall Street Whipped Him—Clarence Saunders, founder of the Piggly Wiggly chain stores, taking the oath of bankruptcy before Notary A. D. T. Perkins (at right) by which he loses \$3,000,000.

Polly Wants Hot Coffee—Her favorite beverage, and she will have it daily through a \$1000 bequest in the will of the late Thomas B. Whitney, former hotel man of California and Oregon. Polly is 57 years of age. (P. & A. Photo.)

The Fascist Mascot—Premier Mussolini of Italy with his pet, a lion cub. The cub's mother killed a film actor during the taking of a massacre scene in the new production of "Quo Vadis." (P. & A. photo.)

Looks Just Like Its Mother—Baby camel born a few days ago to Mr. and Mrs. Al Bahr, prominent camels residing at San Diego Zoo. His name is Scarab. (P. & A. Photo.)

Safety With Liberal Yield

A HIGH-YIELD bond investment embracing the following features is out of the ordinary:

BUSINESS: A diversified and profitable public utility service in 42 towns and cities with favorable conditions for substantial future growth.

EARNINGS: Equivalent to more than 3 1/2 times interest requirements.

SECURITY: Equity in property value equivalent to 2 1/2 times the bonds now offered.

YIELD: The present price of 98 1/2 provides a yield of 7.20%, which is exceptionally attractive when the soundness of the investment is considered.

Send for descriptive circular.

BOND QUOTATIONS

St. Paul Bonds Rise

(BY A. P. NIGHT WIRE)

NEW YORK, March 5.—Led by the all sharp rally in the St. Paul Railroad bonds on reports that next year's refunding operations had been arranged satisfactorily led the entire railroad list to higher ground in today's bond market. Strength of some of the independent steel issues gave an improved tone to the industrial section of the market.

Coming in addition to purchases by the railroad itself, the heavy demand for the St. Paul 4 1/2 percent issue on almost five points during the day. Rumors that the bonds would be redeemed for cash or exchanged for new securities on a favorable basis attracted speculative buying.

Weakness of United States government bonds persisted today, a firmer tendency at the start being met by a flood of offerings which carried the treasury notes below par. The general tone of the industrial list was better except for weakness of Central Leather's 5 percent American Agricultural 7 1/2 percent due to uneasiness over trade conditions.

Following are closing quotations as last stated on the New York Stock Exchange:

THE EQUITABLE

LIFE ASSURANCE SOCIETY OF THE U. S.

120 BROADWAY, NEW YORK, N. Y.

Incorporated under the Laws of the State of New York

There are Equitable policies for all life insurance needs—policies to strengthen the business and credit of individuals, firms, and corporations; policies to pay inheritance taxes; to settle estates; to aid in the purchase of homes; to safeguard mortgages; to educate children; to support men and women in old age; to protect employees through group insurance. But the most important public service rendered by the Equitable is to assure protection for the family and home under policies providing in various ways for the payment of the insurance money in the form of a monthly income for life. Thus the beneficiaries are protected against waste or loss. In this way the Equitable provides insurance that insures—protection that gives permanent protection. The Equitable's public service is further indicated by the distribution of its funds throughout the United States in conservative investments, including dwelling and farm loans.

"THE MAN WITH \$5,000!"

What will he do with it? The multitude of places where he can invest it and get safety plus a conservative per cent of profit. HIS BANKER CAN TELL HIM! But will his DOLLARS BE DOING THEIR BIGGEST WORK, MAKING THE BIGGEST POSSIBLE PROFIT? They will not! HIS BANKER CAN TELL HIM! What shall he do with his \$5000 or as low as \$2500— if that's all he can invest now? HIS BANKER CAN TELL HIM! He can invest it in the safest investment the nation knows today—Southern California land! "Yes, I've bought some lots in the last year and made a big profit on them," almost anyone will readily agree. "But—THERE'S A STILL BIGGER PROFIT TO BE MADE IN REAL ESTATE. Here's how: INVEST IN MEMBERSHIP in the real estate syndicate that is backing the sale of Southern California land! GET IN ON THE WHOLESALE PROFITS! THE W. S. SPARR REALTY SYNDICATE is such a proposition. And it is based on land for which there is a tremendous demand this year—farm land, with ABUNDANT WATER SUPPLY, surrounding a community center. The syndicate is based on 3,075 acres of best land, worth at appraised figures \$1,000,000. The total value is at least \$2,000,000 and THE TOTAL SYNDICATION IS ONLY \$250,000. (Read the details below.) In this syndicate "the man with \$5000" should get \$15,000 back. The man with \$2500 should get \$7500. AND STUDY THE SAFETY FACTORS! You simply can't lose!

Capable Sales Control Insures QUICK Profit

W. S. Sparr — General Sales Manager of SPARRLAND, Inc. — has been successful in selling 100-acre residential lots for \$25,000 each. He has an excellent reputation in the Los Angeles area. He is a native-born American, a graduate of the University of California, and a member of the Los Angeles Chamber of Commerce. He is a man of high character and high ability, and he is a man who is willing to take the responsibility for the success or failure of the syndicate. He is a man who is willing to take the responsibility for the success or failure of the syndicate. He is a man who is willing to take the responsibility for the success or failure of the syndicate.

This is a PROVED opportunity! We decided to prove that SPARRLAND will sell rapidly and therefore return profits to you rapidly. BEFORE we offered syndicate membership to the investing public. So we took 100 acres at SPARRLAND and placed them on the market. SPARRLAND 10—under the name of SPARRLAND. Poultry Colony. It was cut up into small ranches and already THERE IS HARDLY AN ACRE LEFT FOR SALE! The whole State is LAND HUNGRY and we have the supply that's in demand. First unit of SPARRLAND syndicate property will be on the market soon, under the above sales direction and control.

Why the SPARR Syndicate is a GOOD SAFE INVESTMENT

Mr. Sparr proves his faith by putting up land appraised at \$1,000,000. An estimated retail price of \$3,000,000 has been put on the property. Only \$250,000—with a large part of it already subscribed is required for this syndicate. This small "capitalization" will keep individual profits large. Farm property in So. Cal. is disappearing rapidly. Subdividers are using it up. Lack of a sure supply of water makes much of it little value. There will always be a steady demand for land like this—at a high price. 3075 acres of land are your security. YOUR MONEY is returned to you FIRST. Only then is there a profit division—after you get your investment back! First unit of SPARRLAND syndicate property will soon go on the market. Capable board of control insures rapid sales. All money handled by a leading bank and disbursed by it, insuring safety. Every last thing possible done to be able to present you a proposition with which YOU WILL BE PROUD AND HAPPY TO ASSOCIATE. No one too humble—no one too big to come into this syndicate. There is PROFIT FOR ALL and we want as many boosters as we can get. INVESTIGATE TODAY!

Come in TODAY—or Send This Coupon

In a very short time the profits will begin to roll in. WILL YOU BE AMONG THOSE WHO WILL SHARE IN THE HANDSOME CHECKS THAT WILL BE GOING AT STATED PERIODS? You will be if you will sit opposite this desk for 15 minutes and get the cold facts in the matter; if you will investigate our bank references. BUT YOU MUST ACT AT ONCE for this syndicate won't be open long! Come in today—wire or phone—or at least send the coupon for quick details!

PALOS VERDES TO PLAY SAFE

Palos Verdes Estates project will be safe from the danger of being sold to the highest bidder, according to the plan of the city council.

Consolidate Development on Property Already Bought

The Palos Verdes Estates project, which has been the subject of much discussion, is now being consolidated into a single development on property already bought.

FISH PRICE INQUIRY IS UNDER WAY

State Official Sifting Charge of Monopoly Made by Harbor Anglers

Following reports made by fishermen at Los Angeles Harbor that a combine of leading fresh fish buyers is in operation and is regulating the purchase price of fresh fish, C. F. Baader, head of the Commercial Fisheries Bureau of the State Fish and Game Commission, began an investigation yesterday.

COUNCIL BACKS MAYOR

President Workman and other members of the Council said yesterday that they believed that in the event of McKee's removal the Council would confirm the Mayor's action. The Mayor admitted yesterday that McKee's resignation would not be unwelcome, but he would make no statement as to his plans for changes in the harbor department.

JURY POSSIBILITIES

Whether or not the grand jury's investigation will result in indictments or a comprehensive detailed accusation which will recommend a complete reorganization of the department which handles the \$45,000 city-owned docks, wharves and other property at the harbor, and which has been under the management of McKee's harbor bonds voted last June for additional port facilities, remains to be seen after the evidence unfolds.

MAYOR FOR CHANGE

The Mayor would make no predictions of his plan or his views on the Harbor Department affairs, but it is understood at the City Hall that while the Mayor has long been convinced of McKee's incompetency, and recent revelations have only sustained this view, the Mayor believes that the Harbor Department troubles are deeper than McKee and that the entire department should be reorganized and reorganized so as to handle the tremendous business now carried on at the port.

LIGHTING FOR BOULEVARD

Proceedings for the ornamental lighting of Santa Monica Boulevard from Serrano street to Normandie avenue have been ordered started by the City Council in response to a petition filed by property owners representing 79 per cent of the frontage on the street.

FISH PRICE INQUIRY IS UNDER WAY

Following reports made by fishermen at Los Angeles Harbor that a combine of leading fresh fish buyers is in operation and is regulating the purchase price of fresh fish, C. F. Baader, head of the Commercial Fisheries Bureau of the State Fish and Game Commission, began an investigation yesterday.

COUNCIL BACKS MAYOR

President Workman and other members of the Council said yesterday that they believed that in the event of McKee's removal the Council would confirm the Mayor's action. The Mayor admitted yesterday that McKee's resignation would not be unwelcome, but he would make no statement as to his plans for changes in the harbor department.

BUILDING HALT IS DEMANDED

Pico Association Urges Preparation Made for Widening of Way

The Greater Pico-Street Association yesterday petitioned the City Council to prevent the building of any new structures on Pico street between Crenshaw Boulevard and the west city limits unless the builders agree to set back their buildings to permit widening of the street to 100 feet.

FISH PRICE INQUIRY IS UNDER WAY

OFFICIAL ACTION NEAR ON MCKEE

Mayor and Port Head in Final Conference Today

If Resignation Not Result, Removal Expected

Appointment of C. J. Colden Likely to Follow

Having waited in vain to receive the resignation of President Edgar McKee of the Board of Harbor Commissioners, Mayor Cuyler is scheduled to hold a final conference with McKee today and then if there is no resignation, the Mayor, it is believed, may remove McKee and appoint Harbor Commissioner C. J. Colden as president.

COUNCIL BACKS MAYOR

President Workman and other members of the Council said yesterday that they believed that in the event of McKee's removal the Council would confirm the Mayor's action. The Mayor admitted yesterday that McKee's resignation would not be unwelcome, but he would make no statement as to his plans for changes in the harbor department.

JURY POSSIBILITIES

Where Water Wall Gathered for Disastrous Rush

LOCAL BOAT CUT IN TWO OFF MEXICO

Cannery Tender's Crew Rescued and Brought in by Crippled Fishing Ship

Details of a collision at sea in which the cannery tender Riconen was cut in two and sunk and of a harrowing 400-mile ocean journey in a badly damaged and leaking fishing boat which threatened momentarily to sink with all its crew and officers were disclosed at the Los Angeles Harbor yesterday with the arrival of the Japanese fishing vessel La Belle.

The how of the fishing boat was stored in completely. Water was pouring into the vessel's hold from seams started in her side by the collision.

The crew, officers and the three men rescued from the cannery tender had been pumping water from the hold every minute of the time since the vessel left the fishing banks off the Mexican coast. The collision between the cannery tender and the fishing boat occurred Monday night in a heavy sea.

DIAMOND STOLEN

Film Star Reports Loss of \$2500 Jewel to Police

A theft of a \$2500 diamond ring from Mrs. John McCormick (Colleen Moore, cinema star) was reported to the police yesterday.

The ring, it was reported to the police, was taken by a burglar who entered the residence of Mrs. C. R. Moore at 639 South Wilton Place of the family were absent.

As there were no indications that the thief broke into the house it was believed that a man-key was used on the front door. The report of the theft was made to the Wilshire Police Station.

It was the consensus of opinion among the various organizations, promoting the sacred event, says the statement, that such a service in the huge Coliseum was a necessity, owing to the fact that there were many thousands of people in Los Angeles and vicinity, who have no automobiles and that the devotion quality in our citizenry has been expressed during the past years in the pilgrimages of thousands to mountain tops and other places, thus making the services at central locations, with its ample seating capacity, all a great want.

Expressions from the members of the organizations sponsoring this movement, indicate that the plan to hold these services in the stadium will meet with popular approval.

OUT TO RECOUP FLOOD LOSSES

Glassell Park Residents Blame Breaking Dam

Meeting Decides to Try for Claims Settlement

Water Wall Piled for Rush Behind Large Fill

With the revelation yesterday that the flood which swept through Glassell Park along Verdugo Road Tuesday night was caused by a new roadway that acted as a dam, and which suddenly gave way under pressure of the tremendous

The Broken "Dam" and Some of Its Protesting Victims

Upper picture shows what caused the flood that swept away houses in the Glassell Park district along Verdugo Road late Tuesday. The break in the dam formed by a new roadway came after a wall of water thirty feet high piled up against it. The size of the hole can be judged by noting the size of the man, indicated by an arrow. Some of the residents, who place their loss at \$25,000, are shown below on their way to a protest meeting.

PLAN HUGE EASTER SERVICE

Local Music Federation Sponsoring Monster Sunrise Ceremony in Coliseum

Under the joint co-operation of the Community Development Association and the Los Angeles Music Federation, sponsoring for the occasion, the activities of the Los Angeles Federated Church Musicians, a member of the Music Federation, a monster Easter sunrise service will be held in the Coliseum, it was announced yesterday by the local music federation.

HEAVEN LIMITED IS FLAGGED

Colored Passenger Agent, Seeking Business Here, Given Transfer to Vollmer Express

Rev. Lewis Baker, itinerant negro preacher, took his place on a vacant lot opposite a house at 114 East Thirty-third street yesterday afternoon and began to orate. At his side was a large canvas sign on which were painted two trains. One was shown going to heaven and the other apparently was traveling in another direction.

DECLARE FOR OPEN SHOP

Long Beach Morning Sun Publishers Discharge Union Printers and Composers

Because of what it described as inefficiency and disloyalty on the part of thirty-five union employees in its composing-room, which conduct it declared was condoned and upheld by the local typographical union, the Sun Publishing Company, publisher of the Long Beach Morning Sun, last night discharged its union printers and compositors and declared for the open shop.

The Sun officials informed the discharged men that they were through with the union as an organization and will henceforth employ men in the composing room regardless of their affiliation or lack of affiliation with the typographical union.

The action of the Sun publishers last night came as the culmination of a long controversy between the Long Beach Local No. 610 of the International Typographical Union and the company. This reached its height recently when the company discharged two men considered to be the ringleaders of the disturbing element in the shop.

IN SELF-DEFENSE The union then adopted resolutions demanding the reinstatement of the discharged men.

—at your service! The Super-Ship
"H. F. ALEXANDER"
the vessel that made Pacific Coastwise service world famous!

Faster and better than ever, the "H. F. Alexander" is again in regular service between Los Angeles, San Francisco and Seattle.

This super-ship, the largest, fastest and most luxurious vessel in coastwise service in the world, again offers the unusual coastwise travel service which has made her justly famous—a combination of speed, luxury and travel comfort which must be experienced to be appreciated.

Twin-bed suites with private shower baths, children's playroom, private telephones in all staterooms, glass-enclosed promenades, luxurious public rooms—these are but an indication of the character of her service. Twelve thousand new boiler tubes make her faster than ever.

Her remarkable speed—16 hours to San Francisco (dock to dock)—63 hours to Seattle—makes it possible for the busy business man to enjoy the delights of traveling by water with practically no sacrifice of time. Find out for yourself just how good it is! Regular and frequent sailings to San Francisco and through to Seattle without change.

One treatment after another
she tried Yet each lacked the one simple
essential her skin really needed

AN experience that many have had happened to you? Treatments and preparations in long succession—yet all of them seemed only to aggravate the skin. It still remained coarse-textured and oily, marred by blackheads and blemishes.

In no other field is there so much misinformation as in the matter of skin beauty. Yet there is one simple fact at the bottom of it all, that any physician will tell you.

Below the surface layers of the skin, natural forces are fighting day and night to counteract the harsh conditions of daily life. Unaided, these forces fight a losing battle, and imperfections appear. The dust and germs are not carried off as fast as they accumulate; infection results.

Yet merely bring back the normal functioning of the skin and the blemishes vanish—the clear, unmarred texture is restored.

To keep the skin functioning normally To cleanse the pores of dust and germs, to gently restore the pulsing of the tiny capillaries in the lower layers of the skin, to carry off infection, and then to stop new infection before

it starts—thousands are today using Resinol Soap and Resinol Ointment. Often in a few days, blackheads, blemishes, and even infections that appear to be more or less serious, will yield to this gentle treatment.

Begin today this method of daily care.

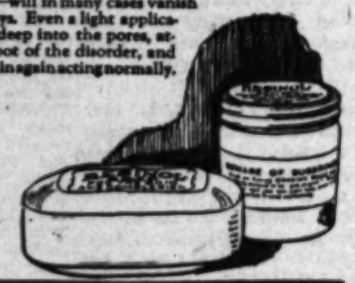

Try it today yourself. At night before retiring, work up on the face, with warm water, a thick, creamy lather of Resinol Soap. Work it gently into the pores; then rinse off, and splash on a dash of clear, cold water to close the pores. Then, with special irritations, roughnesses, blemishes or rashes, apply a touch of Resinol Ointment. If possible, leave it on overnight. In the morning wash off again with Resinol Soap.

Within a week you will begin to notice the difference in your skin—a finer, softer texture—a ruddier glow—a clearing of the ugly little blemishes.

Resinol Ointment also for more serious affections

Not only is Resinol Ointment used everywhere for clearing away minor skin blemishes—but its soothing, healing properties have for years been successful in relieving more stubborn skin affections. Rashes and eczema—often itching, unpleasant and embarrassing—will in many cases vanish in a few days. Even a light application sinks deep into the pores, attacks the root of the disorder, and starts the skin again acting normally.

RESINOL
SOAP and OINTMENT

Health as Well as Profits from Home Gardening
Thousands of people are enjoying delicious vegetables and adding to their income by growing of south-west gardens. They get their ideas and inspiration by reading FARM AND TRADING, the big local agricultural magazine issued with the LOS ANGELES SUNDAY TIMES.

CONTEST STIRS
KEEN INTEREST

Total of 1500 Enrolled in
One School Here

Parents and Prominent Men
Boosting Project

Contestants Urged to Begin
Constitution Study

Has your school enrolled in the National Oratorical Contest? If not, write at once to A. F. Blanks, Oratorical Contest Director, Los Angeles Times.

The announcement by the principal of one of the high schools of Los Angeles yesterday that 1300 pupils in his institution had submitted their names as entrants in the constitutional oratorical contest furnishes a good illustration of the keen interest in this event taken by the high-school students here.

The information was contained in a communication from the principal, whose name is withheld for the present, to Prof. A. F. Blanks, oratorical contest director of the Times, which paper is sponsoring the contest in the Pacific Southwest. The principal added that these contestants represented practically 50 per cent of his student body.

PARENTS INTERESTED

This is only one of the many evidences of the enthusiasm exhibited by students in Los Angeles and vicinity. Letters and telephone calls by the score in regard to different phases of the contest are reaching Prof. Blanks at his office in the Times Building daily. Men of prominence want to know how they can assist in furthering a project in which they express the deepest interest; students call up asking for information on various points pertaining to material for orations; parents of students write the director asking for hints on how they may help their sons and daughters study the Constitution. Probably to them is to be discussed at present in homes containing high-school students that the Constitution of the United States is oratorical material.

And what is true of Los Angeles and the surrounding towns appears to be true of other sections. For instance, pre-districts state that all the high-school principals in Fresno county at a recent meeting of a unanimous vote decided to use every effort to induce all their students to take part.

Under the direction of Capt. Delbert Brunton, principal of the Fresno High School, chosen chairman of the committee to have the matter in charge, the entire county is to be organized to insure the systematic participation of all high-school students in Fresno county.

Prof. Blanks suggests that he is at this time chiefly concerned about receiving word from teachers who contemplate having their schools enter. He points out the advantage of being early in the game, stating that the sooner a contestant begins to prepare his oration, the greater will be the chance of his school representing the Pacific Coast at Washington, D. C., in June.

Suspend Jailer
for Permitting
Man to Escape

Following the escape yesterday of Sherman Daniels, a prisoner held on bad-check charges for San Luis Obispo, from the County Jail, Assistant Jailer Archie Miller was suspended last night by Under-Sheriff Biechler on orders of Sheriff Truesper. Daniels walked out of the jail in the same suit, flashing a "bathroom pass" on Miller and convincing him it was a release.

Deputy Sheriff Fox, Collins and Bland had captured Daniels after three nights of work. They found him hiding under a bed in a room on West Fifty-first street. It was said Daniels was taken in several other places besides San Luis Obispo.

Miller's suspension was made "pending investigation," which is said to mean it will last until Daniels is recaptured. The rule that a deputy who loses a prisoner loses his job was put in force by the Sheriff some time ago. Miller went out with other deputies to hunt for the man.

MARY GARDEN NOT
SERIOUSLY SICK

PRIMA DONNA TAKES AUTO
HIDE BEFORE LEAVING
FOR RAY CITY

The attack of lumbago from which Mary Garden, Chicago Grand Opera singer, was reported to be suffering Tuesday evening, was not serious and the prima donna was said to be feeling as well as ever yesterday.

Her manager, Howard E. Potter, stated that Miss Garden had become fatigued after an unusual hard day's work, and decided to postpone her trip to San Francisco for another day, leaving last night instead of Tuesday. She spent several hours motoring yesterday.

ONE DRUG CONVICTION

Jury Falls of Verdict in Two
Other Narcotic Cases

A jury in the court of Federal Judge James yesterday returned a verdict of guilty against Andrew Montoya, charged with selling morphine, and disagreed as to the guilt of Ricardo Pielago and Mrs. Pielago, charged with the same offense. Montoya will be sentenced next Monday.

The evidence showed the morphine had been sold to Raymond Greenhill, a police officer of San Pedro. The transaction was one in which the officer sought to obtain evidence against the three defendants. The sale was made directly by Montoya, the evidence showed, while the other two were only indirectly connected with the transaction.

Quickly Run Perfect Hot Water Service in Your New Home

Do You Have Hot Water Whenever You Want It or Hot Water Whenever You Can Get It?

It has always been the experience of those who have installed RUUD water heaters that the hot water was forthcoming at any time and in as great a quantity as they desired.

That is one of the features which has built RUUD reputation until the very name suggests "Hot water."

Thousands of RUUD heaters in Southern California are supplying hot water whenever people want it. You can have the same sort of service if you insist upon a RUUD installation.

You can at last relieve constipation without drugs or laxatives

A perfect emulsion of Mineral Oil and Agar-Agar (Japanese Sea Moss) finally perfected

ALL laxatives "work" because they contain drugs that cause nervous irritation of the colon.

That is why physicians have prescribed two harmless and drugless substances—Mineral Oil and Agar-Agar (Japanese Sea Moss) to correct constipation.

The discovery of AGRILIN

FROM the time these two substances were first used, science has endeavored to combine them into a single emulsion because it was generally recognized that this combination would be the ideal mechanical way to encourage elimination of the waste products and poisons of the system, without drugs.

Three years of experiment in one of the principal hospitals of America, has produced an emulsion named AGRILIN that meets all tests. In thousands of hospital cases, it produced uniformly good results.

What AGRILIN is

AGRILIN is a snow-white, creamy emulsion practically without taste or odor. The Agar-Agar corrects the tendency of mineral oil to seepage when used alone. But it has an even more important function.

Agar-Agar has the remarkable property of swelling or increasing in bulk. This, in combination with mineral oil, softens and lubricates the waste matter and prevents it from becoming dry and compact.

The colon is encouraged to natural action, particles adhering to the walls are loosened leaving the system thoroughly clean.

Secure a bottle—give up your favorite physic for a time, and you will soon know for yourself the splendid results that AGRILIN can produce without drugging the system.

POWER BONDS VS. CHILDREN

Blow at Plan to Raise Funds for Schools Seen in Huge
Prior Demand of Politicians

Evidence that the campaign of the political Power Bureau for another huge bond power issue—this time for \$30,000,000—will be vigorously opposed was given yesterday when Frank O. Bristol, former member of the City Board of Education, announced the formation of the Tax Reduction Alliance. This organization, according to Mr. Bristol, has been committed to the duty of fighting the power bond issue, and dedicated to the equally important duty of fighting for the proposed \$34,640,000 school bonds.

The municipal ownership enthusiasts hope to have their election on May 6," Mr. Bristol said yesterday, "and the school bonds will come before the people on or about June 3. It is my opinion that the school bonds represent needed taxation and that the \$30,000,000 proposed for the Power Bureau represent unnecessary taxation. When I resigned from the Board of Education I promised that I would lead every effort to the fight for the school bonds. It is my purpose to fight the unnecessary bond issue proposed with equal vigor."

"It is almost self-evident that our citizens will defeat the school bonds if they have been called upon to authorize a \$30,000,000 issue just a few weeks before the school bond election is called. It is my opinion that the school bonds represent needed taxation and that the \$30,000,000 proposed for the Power Bureau represent unnecessary taxation. When I resigned from the Board of Education I promised that I would lead every effort to the fight for the school bonds. It is my purpose to fight the unnecessary bond issue proposed with equal vigor."

We have today 655 half-day schools and there are hundreds of students who are unable to attend because of the crowded conditions. The enrollment increase of February of last year, shows the astonishing total of 33,508. To provide school rooms for this increase alone would require more than a fifteen-room school building every week.

"If Los Angeles wants to commit outside the best way that I know of is to let it be known in the East that we do not care properly for our school children. But we will not do this. We will provide for them and we will not let the petty plans of the professional politicians of the Power Bureau cause us to neglect the schools and the children."

"As between the dubious proposition of municipal ownership of public utilities and the urgent necessity of more schools I am for the schools. The Tax Reduction Alliance has headquarters at 234 Brockman Building. We will announce officers within the next few days. We will be on the firing line on the lines indicated."

Broker of City Weds Wealthy Widow in South

Word was received here last night of the marriage at New Orleans of Mrs. Grace Edith Holliman, wealthy Dubuque (La.) widow, and J. J. Dowling, investment broker of this city. The marriage was solemnized, while Mardi Gras maskers were making merry.

The ceremony followed a year's ardent courtship via mail, telephone and long distance telephone on the part of Mr. Dowling. He met his bride for the first time at Dubuque, the dispatches say, and later met her again in New Orleans during the Mardi Gras carnival last year. The couple will leave New Orleans Saturday for a honeymoon trip around the world.

HEARING CONTINUED

Man Held for Alleged Attack on Film Actor

Preliminary hearing of Otto Meyer on a charge of assault with a deadly weapon on B. Ross Laderman, motion-picture actor, was continued by Justice Scott until the 12th inst. In the sessions yesterday, the prosecution completed its case, introducing testimony to show that Meyer struck Laderman with the butt of a pistol, inflicting a serious scalp injury, following an argument while both were on location with a motion-picture company near Santa Monica. Meyer was in charge of horses in the picture.

Dep. Dist. Atty. Lucas was in charge of the prosecution and Atty. N. J. Kendall represented the defendant. Night sessions of Justice Scott's court will continue until building operations on the property near his courtroom are completed. It was announced yesterday. The new hours are 9 a. m. to 5 p. m. and 6:30 to 8:30 p. m.

JABBED WITH NEEDLE IS STORY OF WOMAN

Mrs. Edith Bloodgood, 29 years of age, of 934 North Van Ness avenue, reported to police last night that while she was sitting in a downtown theater a man in the adjoining seat jabbed a needle into her arm and that she fainted in the theater. Her asserted assailant was gone when she regained consciousness, she stated. Mrs. Bloodgood was removed to the Receiving Hospital. Physicians there stated that she had marks on her arm but that it was impossible to determine whether these had been caused by a hypodermic needle.

INJURED BY BURGLARS HE FINDS IN ROOM

Edward Hein, 40 years of age, attempted to capture two young burglars single handed and received a badly lacerated scalp for his trouble. Hein returned to his apartment at 121 North Bixel street last night to find two young Mexicans prowling around it. He grabbed one of the youths but the other eluded him and struck him on the head with an iron tong which he had taken from the fireplace. Hein was removed to the Receiving Hospital, where the injuries to his scalp were attended.

JEWELRY STOLEN FROM RESIDENCE

Charles Haas of 529 South California street reported to police last night that pass key burglars had broken into his home some time during the day while the family was away and had stolen \$2000 in jewelry.

MOVE MADE TO LOCATE McCARTNEY

Accused Realty Broker, on
Bond, Sought by Office of
District Attorney

Investigation of the whereabouts of Grant McCartney, wealthy realty broker, now under indictment on charges of obtaining more than \$100,000 by false pretenses, was begun yesterday by the District Attorney's office. It was learned last night.

McCartney is at liberty on \$10,000 bond. He is said to have left Los Angeles Saturday, informing friends that he was to be gone for ten days to get money to fight the charges against him.

His absence was learned by the District Attorney's office, according to the report. Dep. Dist. Atty. Bonner Richardson was assigned to the case. His investigators asserted that at McCartney's offices in the Merchants National Bank Building they told the realty man had not been seen since last Thursday, and that he had not left any instructions as to the continuance of his business affairs.

Attorney Dudley Robinson, who writes Attorney Percy V. Hammon, is counsel for McCartney, said last night that he had been informed at McCartney's office that the broker will return here at the end of the week. Mr. Hammon said that he had not heard from McCartney for two weeks.

The bond under which McCartney is at liberty does not act to prevent him leaving the State, his attorneys averred; it was also said that he had made several trips in the last few months.

Report of Co-Ed Trip to Border Is Investigated

Reports that a group of Pomona College co-eds made a slumming trip to the Mexican border yesterday under investigation yesterday by members of the faculty of the college, led by Miss Grace Berry, dean of the women.

Besides wishing to learn the identity of the girls in the party, the college authorities want to find out who acted as chaperons, the reports having stated that a youthfully dressed man had been seen in that capacity, if it is learned the border trip was a fact.

Miss Berry discounted the reports, characterizing them as "pure rubbish," and said the faculty had no definite information that such a trip had been made. She said, however, that an investigation was being made to bring out all the facts.

According to news dispatches from San Diego, there were eleven girls and two automobiles in the party. When the trip was made to cross the border late at night, one of the cars was stopped by border guards but the other drove on.

The student body at the college was dismissed at noon Tuesday for the annual snow-day party at Camp Baldy and the news dispatches from San Diego were the first indication that the faculty had that the border visit was planned.

Sheriff Aides Meet and Form Relief Society

More than 100 deputies from all departments of the Sheriff's office met in the Hall of Records last night and organized the Sheriff's Relief Association, a mutual benefit organization.

The purpose of the society which expects to count in its membership all the deputies under the Sheriff, is similar to the city police and firemen's benefit organizations. The establishing of a fund out of which members can be paid sick benefits is one of the immediate aims.

Following the adoption of by-laws at last night's meeting, the following officers were elected: President, Under Sheriff Biscailuz; Vice-President, Clark Reeder; Secretary, Walter Gilman; Treasurer, Harry Wright; trustees, W. H. Blapham, Mrs. M. A. Adams, George W. Purdie, J. M. Betts, William Osterholt and Harry R. Cantner.

BONES ARE BROKEN IN TRAFFIC MISAPHS

MOTORCYCLES, STREET CARS
AND AUTOS FIGURE IN
ACCIDENTS

Several persons suffered broken bones in traffic accidents yesterday. Abe Marcus, 25 years of age, \$305 1/2 Central avenue, had both legs broken when a motorcycle ridden by Raymond Durling of 133 West Twenty-second street struck him at Third and Spring streets.

Miss Myra Barker, 27, of the Y.W.C.A. suffered a broken right leg when her foot slipped from a street car step at Ninth and Main streets and she was dragged half a block.

In a collision of two automobiles at Ninth and Alameda streets, P. J. Van Ooster, 27, of 5208 Cimarron street, had his hand broken and Mattias Ungelbourn, 28, of 1123 West Santa Barbara avenue, and A. Hennickan, 28, of 411 1/2 East Fifty-sixth street, received minor injuries. All were treated at the Receiving Hospital.

"BUMPS" TURNS WANDERER

Included in the "lost child" reports made to the Hollywood police yesterday was the name of William Beaudine, Jr., 3 years of age, "Bumps" as the son of William Beaudine, director for Warner Brothers, is known, was found by the police after a search of several hours. He was returned to his parents.

See How New Safe Method Bleaches Teeth White

Watch Tobacco Stains Vanish
Good-bye dark, dingy, spotted and tobacco stained teeth. For a dentist's wonderful discovery—Bleachedent Combination—remove stains almost instantly, giving yellowish stained teeth beautiful white, clean and sparkling. No effect on enamel—its acid, mild ingredients are intended to act only on surface stains. Consists of harmless liquid, which softens the stains, and a special kind of paste which not only removes the softened stains, but actually prevents formation of new ones. Fine for children's teeth. Beneficial to gums. WARNING—Do not be deceived into buying cheap liquid preparations claiming same results as Bleachedent Combination. Be sure to insist on genuine Bleachedent Combination. The SAFE treatment, containing both liquid and special paste. Sold by all good dealers, such as Owl and Sun Drug Co., Lyons Pharmacy, and all good chain stores.—Advertisement.
